

COMBI VACUUM TRUCKS FOR LIQUIDS

ATEC Rental's wet vacuum trucks are Amphitec V-Force Combi machines. As standard, these vacuum / pressure machines are standard equipped to ensure maximum efficiency for both high pressure cleaning and vacuuming wet substances.

Thanks to the highly intuitive controls of the units, your operators will need very little time to get familiar with and start using the rental equipment. These combi machines can easily vacuum liquids over long distances.

TECHNICAL DETAILS

Brand model	Amphitec V-Force Combi
